Dear Sir/Madam,

Code For India Challenge, Think Local & Hack for Global...!!

Compete with the best developers and challenge them in this Hackathon.

FutureSkills is an industry utility to get India accelerated on a journey to build its skills and become the global hub for talent in the emerging technologies. The Hackathon is designed to address skilling requirements of IT professionals in partnership with leading content providers, assessment companies, certification bodies and technology partners from across the world.

Change the world of hassle & puzzled companies in this hackathon, in which you'll take technologies to the next level. You can explore the area of your choice from the top 3 brand challenges that include Indigo Airways, Amazon Alexa, Aeris Technology.

\*Each category will win Cash Prize worth Rs. 50000.

For more details, reach out to Punit Jain on +91 7877079666 or you could just reply to this email.

In view of the foregoing, you are kindly requested to spread this information among students and staff of your institute and encourage them to participate actively
