Date: 13th December 2018

Smart India Hackathon 2019

Dear Students,

Smart India Hackathon 2019 is a nationwide initiative to provide students a platform to solve some of pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving.

The last edition of the hackathon saw over 5 million+ students from various engineering colleges compete for the top prize at 35+ locations.

In SIH 2019, the students would also have the opportunity to work on challenges faced within the private sector organisations and create world class solutions for some of the top companies in the world, thus helping the Private sector hire the best minds from across the nation.

This time you are also encouraged to participate with full energy & enthusiasm. We have confidence in you that you will glorify your career & your institute. Following is the link to submit the details of your team by 21st December 2018. Further, a workshop on “How to prepare the document/PPT for submission”, will be conducted for all the participating team tentatively on 22nd December 2018.
