College Name:	Muzaffarpur Institute of Technology

Entrepreneurship has gained startling traction in the recent years after the launch of the Start-up India Scheme and has seen a paradigm shift from being a uniquely metropolitan phenomenon to becoming an all-pervasive culture. There has been a massive boom in the number of innovative start-ups from Tier 2 and Tier 3 cities, and the non-metro entrepreneurs have shown unrelenting determination and tenacity in their pursuit of success.

With the aim of tapping the considerable potential that these regions offer, Start-up India organizes the Start-up India Yatra to scout promising entrepreneurs from non-metropolitan cities and provide them a platform through which they can pursue their entrepreneurial aspirations through incubation and mentorship from renown institutions to help them leapfrog the limitations of the lack of resources in their region.

The Startup India Yatra is a platform which aims to help entrepreneurs realize their startup dream. Entrepreneurs will also have the opportunity to get incubated to succeed in their journey from idea to enterprise. The Startup India Yatra aims to reach each and every district of the country.

EVENT OBJECTIVE:

In line with the Hon'ble Prime Minister's Startup India's Vision, Startup India Bihar Yatra is being organized by Startup India Team in collaborations with Bihar Government. The Yatra is due to flagging off on 29th December 2018 from Samvad Bhawan, Patna. The event is schedule to culminate with its grand finale on 19th December 2018. 100-150 good ideas will be shortlisted from across the state who will then attend a 3 days acceleration program on 17th December 2018 onwards. Finally, these shortlisted ideas will pitch at the Grand Finale on 18th December for incubation offers and incentives by resource partners.
