

**TEQIP-III
Sponsored**

**Technical Event on
INNOVATION FOR DISASTER
MITIGATION, PREPAREDNESS AND
RESPONSE**

Important Dates:

Last Date of Registration 20 Sep 2019

Exhibition of Poster 23 Sep 2019

Exhibition of Models: 24 Sep 2019

Declaration of the result: 24 Sep 2019

Exhibition of selected
Models/poster 25 Sep 2019

**Poster and Model
Competition on
the Innovative
Ideas related to
the Disaster**

**Muzaffarpur Institute of Technology,
Muzaffarpur**

Details of the Event

Every year different form of natural disasters like; earthquake, flood, drought etc. occurs in India and become cause for loss of life and property. With development of the technologies like; early warning system of disaster, earthquake resistant structures etc. researchers are helping to minimize the impact of these disasters. Preparedness, prevention and recovery are important aspects of 'Disaster Management.' New innovative technologies are required to prevent the impact of the disasters. The purpose of this event is to explore the new innovative ideas related to different disasters. Following competition will be organized.

⇒ Poster presentation of Ideas R

⇒ Model presentation of Ideas

Themes of the event

- Innovation related to the early warning system
- Kits required during disaster
- Technologies to minimize the impact of different disaster
- Prevention techniques from disasters
- Infrastructural development techniques to minimize effect of disaster
- Any other innovation related to man-made or natural disaster

Earthquake	Tornadoes
Drought	Wildfires
Flood	Buzzards
Fire	Hailstorms
Land slide	Cold waves
Cloud bursting	Heat waves
Thunderstorms	Tornadoes
