## Academic Calendar

(Duration July-19 - June-20)

**Aryabhatta Knowledge University, Patna**

Aryabhatta Knowledge University (AKU), Patna has been established by Government of Bihar through the Aryabhatta Knowledge University Act, 2008 [Bihar Act 24 of 2008] to incorporate a University and to conduct and facilitate affiliation of institutions set up by the Government and/or the Trust or Society in the conventional as well as new frontiers of professional education, for example, Engineering & Technology including Information Technology, Nanotechnology and Biotechnology, Management, Medicine, Health, Technology, Public Health, Pharmacy, Optometry, Nursing, Education, Law, etc., and also to achieve excellence in teaching, research and extension work in these areas and other matters connected therewith or incidental thereto.

### “कुल गीत

हमारा ज्ञान विश्वविद्यालय, आर्यभट्ट के नाम।  
राज्य की गरिमा मिलकर गायें, सुबह हो या शाम।।  
सुबह हो या शाम, आर्यभट्ट के नाम...

चिकित्सा हो या प्रावैधिकी, रखेंगे हम सबका मान।  
ब्रह्माण्ड से सूक्ष्म कणों तक, करेंगे अर्जित पूरा ज्ञान।।  
हिन्दु, मुस्लिम, सिख, ईसाई, भारतवर्ष सबों का धाम।  
एक ही धर्म हमारा, हम करते सबका सम्मान।।  
करते सबका सम्मान।।...  
आर्यभट्ट हमारा विश्वविद्यालय

हमारा ज्ञान विश्वविद्यालय, आर्यभट्ट के नाम।  
राज्य की गरिमा मिलकर गायें, सुबह हो या शाम।।  
सुबह हो या शाम, आर्यभट्ट के नाम...

दीप से दीप जलाकर हम, भेदभाव मिटायेंगे।  
घर घर में हम नारी-पुरुष को, ज्ञान मन्त्र से जगायेंगे।।  
प्यार अहिंसा मानवता को, राष्ट्र का लक्ष्य बनायेंगे।  
बिहार राज्य की गरिमा को हम नई पहचान दिलायेंगे।।  
नई पहचान दिलायेंगे...  
आर्यभट्ट हमारा विश्वविद्यालय

हमारा ज्ञान विश्वविद्यालय, आर्यभट्ट के नाम।।  
राज्य की गरिमा मिलकर गायें, सुबह हो या शाम।।  
सुबह हो या शाम, आर्यभट्ट के नाम

Prof. (Dr.) S. N. Guha took over the charge on 19.03.2010 as the first Vice Chancellor of newly established Aryabhatta Knowledge University (AKU), Patna.

29/7/19

It was need of time & product of deeply meditated thoughts of our visionary Chief Minister, Shri Nitish Kumar and erstwhile Vice Chancellor Prof. (Dr.) S N Guha that Aryabhatta Centre for Nano Science and Nanotechnology came into existence. This is the first centre of the university to carryout teaching and research in Nanoscience & Technology. The centre also cherishes the goal of developing trained manpower in this area through the EDP, thereby generating series of cottage industries in order to alleviate a long standing problem of unemployment. Centre for River studies, Centre for Economics, Centre of Geographical Studies & Centre for Journalism & Mass Communication are to be established soon. Establishment of many other centers like Aryabhatta Centre for Stem Cell technology, Astrophysics & Astronomy, Education and Non-Conventional Energy, etc. are in the pipeline.

Under the visionary leadership of the Vice-Chancellor, the university is growing fast in all horizons since last two years. The Coordinators for Centre for River studies, Centre for Journalism & Mass Communication and Centre of Geographical Studies and Guest Faculty & technical staff on contract basis for Centre for Nanoscience & Nanotechnology have been appointed. However, vacancy for 17 different posts of the University for regular appointment has been published in different newspaper on 12.06.2019.

During the years, the University has got significant progress on all fronts without exception. The expansion of physical infrastructure of AKU campus has got a boost with continuous support of the government of Bihar in general and Sri Nitish Kumar Jee, Hon'ble Chief Minister of Bihar in particular. Recently, on 21<sup>st</sup> February, 2019 the new building of the University has been inaugurated by Hon'ble Chief Minister of Bihar, Sri Nitish Kumar Jee, the man behind establishment of this non-conventional professional university. He has time and again reiterated that his vision behind foundation of AKU was not to award academic degrees merely for job market but also to establish a centre of higher learning which would focus primarily on teaching, research & extension work for a creation and dissemination of knowledge. Accordingly the university is striving hard to fulfil his dreams to make Bihar a centre for higher learning & research to revive its glorious past.

The university has sent detailed project report (DPR) of three academic centres namely – Patliputra Centre for Economics, Centre for River Studies and Centre for Journalism & Mass Communication to the Dept. of Education for further action. The university shall remain indebted to three social conscious people i.e. Sri Nitish Kumar Jee – C. M. of Bihar, Sri Haribansh Narayan Jee and Sri Pavan Kumar Varma Jee (MPs Rajya Sabha) for donating their MLC & MP fund for creation of three academic centres.

Committed to research and development, the University has admitted research scholars for Ph.D. courses in Education, Nanoscience & Nanotechnology, Engineering and Medical Sciences. Cognizant of its responsibility to create culture of excellence in knowledge creation & dissemination, the University has signed a MoU with A. N. Sinha Institute of Social Studies (a social studies institute of national repute which provides ICSSR Doctoral Fellowship to Ph.D. students up to a maximum of 15 students each year), to award degrees to Ph.D. students of Social Studies. Committed to its academic reforms the University has developed innovative curriculum framework for various courses, and has implemented a Choice Based Credit System (CBCS) alongwith Comprehensive Continuous Internal Assessment (CIA). 22 Academic Ordinances namely B.Ed., M.Ed., Professional Courses, Ph.D. Medical Sciences, etc. have been approved by the Government.

At present only one academic centre Centre for Nanoscience & Nanotechnology (CNN) is functional in

29/6/19

the university campus, where two brilliant academicians are working who have been presenting papers, delivering key note address, invited talks in seminars, conferences & workshops; and publishing papers in journals of national/ international repute. It is overwhelming to report that recently one young faculty member of CNN, Dr. Rakesh Kumar Singh presented a paper entitled, "Study of Ayurvedic Nanocrystalline Tamra and Sankh Bhasma physical Characteristics by Employing Modern Scientific tools and Applications" in European Advanced Materials Congress (EAMC)-2016, at Stockholm, Sweden.

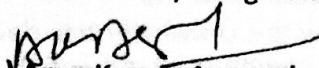

Aryabhatta Knowledge University is also an affiliating University. Presently, 106 colleges of various professional courses, both Government & Private, are affiliated to it. The University is pedantically working to grant affiliation to deserving technical/professional private colleges and to hold fair examinations. The University has been ensuring that only qualitatively good colleges get affiliation and fair examinations are conducted timely as per the Academic Calendar of the University. To achieve the aforesaid target, the University has been constituting team consisting of members of impeccable character for inspection of colleges and has established examination management system – thus taking a step towards making evaluation system fully automated.

The university is also fulfilling its social responsibilities through its Community Colleges, spread all over Bihar, which are dedicated to provide professional education to the most needy and deprived section of society. The university previously organized a Placement Drive for the students of Community Colleges in which 315 students got jobs. The programme was organized in collaboration with Wadhvani Foundation, New Delhi.

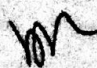

This report basically reflects the outcome of efforts made by university employees and faculty who have been working overtime with dedication and passion and I would like to put on record my heart felt appreciations each of them. I would also like to appreciate the support & co-operation that the university has received so far from the State Government & District Officials. My special thanks are due to all the members of university authorities (Court, Executive Council, Academic Council, Examination Board & Finance Committee) for giving their valuable time for the meetings and also for guidance & encouragement. Special thanks also due to Pro Vice-Chancellor, Registrar, Finance Officer and the Controller of Examinations for their untiring endeavours.

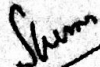

I shall be failing in my duty if I do not recognize the contribution of the Hon'ble Chief Minister of Bihar, Sri Nitish Kumar Jee, who continues to extend his unconditional support, guidance & affection to AKU. I would also like to place on record my gratitude to the founder Vice-Chancellor, Prof. S. N. Guha for his exemplary efforts in translating the vision of Knowledge University into reality.

I am fully confident that AKU will emerge as a centre for knowledge creation & dissemination, producing research blending the best of past and modern professional education, integrating global outlook while keeping its feet firmly rooted in local traditions.

  
Dr. (Prof.) Arun Kumar Agrawal  
Vice-Chancellor
