ABOUT THE INSTITUTE

After the slavery of nearly two centuries when our country got independence, our economy was in a wretched position. The builders of the nation realized the necessity of rapid industrialization of the country. For boosting it, facilities for technical education were essential and hence engineering institutions started coming up throughout the country in the fifties.

M.I.T. came into existence on 25th September 1954, just seven years after the independence of India. It was inaugurated by Sri C.P.N. Sinha, then governor of East Punjab. Initially, it was started with a Civil Engineering discipline with a batch of 45 students as 1954-55 batch with the name College of Civil Engineering, Muzaffarpur.

On 21st April 1956 the first prime minister of India Pd. Jawaharlal Nehru laid down the foundation stone of the main building. Electrical & Mechanical Engineering branches were added from session 1960-61 and the institute was renamed Muzaffarpur Institute of Technology. Pharmacy and Leather Technology were added in 1978 and 1986 respectively. Information Technology and Electronics and Communication Engineering disciplines were introduced in 2001.

Mit Muzaffarpur

Message from Principal's Desk

MIT Working Committee takes pride in organizing alumni meet on 3rd November 2022. Interaction with eminent alumni with great experience spares valuable time for us to share their personal and professional experiences with the students.

Alumni meet provides a platform for affluent and diversified interaction with those who share an alma mater, and values that are abundantly endowed from their formative years. We are proud to acknowledge the numerous successful alumni who have made a mark for themselves in the world and are cordially invited to come and share their success stories.

Through this platform, students can sharpen their skills and competencies through valuable feedback from our base of experienced alumni.

MIT Working Committee is known for the strength of its alumni network. The main focus of alumni meet is to empower students with sound knowledge, acumen, experience, and training both at the academic level of engineering and pursuing higher studies.

They can only offer the foundation, the onus is on us to take it forward. They exhort us to embrace the opportunity of higher studies. They guide us on how to encourage students for higher studies and how to grow the club stronger through the network. This club has received considerable support from its alumni which is highly appreciable.

Dr. C.B. Mahto

Principal MIT
Muzaffarpur

With Best Regards

Message from President MITAA

Dear Alumni

I feel extremely glad to inform you that our institute is going to organize Alumni Meet on the 3rd of November 2022. Our institute MIT Muzaffarpur was established in 1954 and the journey of the institute has been immensely exciting.

Numerous alumni are extremely successful at national and international levels. Students from this institute leave their footprints wherever they go and their contributions are notable. These footprints further our mission of making this institute even better. All of you are part of a dream that our institute cherishes.

Your association with MIT is lifelong and cannot be limited by your physical presence on the campus. This is your alma mater and the institute will be always a part of your life in any form. To further strengthen the bonding between us we invite you all to join the alumni meet. Let's join hands and work together to take the institute to newer heights.

With Best Regards

Dr. Y. N. Sharma
President MITAA

Message from President MITMAAI

Dear MITians

MIT Muzaffarpur Alumni Association International's (MITMAAI) mission is to Build an effective organization to connect and recognize the talents and abilities of MIT alumni all around the world. Engage them to benefit MIT, MITMAAI, and each other. Provide infrastructure, programs, and opportunities that connect alumni to each other and the College.

In the last year, MIT Alums have created and registered two organizations one domestic and one International. We look forward to meeting many of you on November 3rd at MIT Alumni Meet at the MIT campus and working together to accomplish our mission.

In the last year working together with MIT faculty and students, we have achieved a lot and created an environment for the betterment and growth of MITians all across the world.

When we meet on November 3rd, we will celebrate our accomplishments and chart our future path of growth and fun.

With Best Regards

Shashi S. Sinha
President MITMAAI

Message from Faculty Coordinator

Dear Members of the MIT Family,

A very warm welcome to you all. Hope you all are doing great in your life. We wish to update you with so many recent wonderful developments at our end and concurrent challenges to restore the glory of this family. We have started getting better in terms of academics, research, innovations and extracurricular activities. Your support is growing day by day not only in terms of finance but in terms of academic hand-holding. The five joint societies are running under joint leadership and we are enhancing in terms of curricular and extracurricular activities.

Further, We need to think about next-generation members of your own MIT family for better contribution to society and to take this family to greater heights. As you all know this MIT family is not as it was in 30-40 years before. We need to work together for our upliftment. I know you are much busy in your profession but contributing something with your skills will greatly help us. We are facing the challenges of employability. We as faculty members trying a bit but I am requesting you all to join hands with us. Your contribution in terms of academics, skill development, behavioural attitudes, ethics and overall development of our young members will accelerate the process of MIT family development.

I request you to join the scheduled international meet and be a helping hand to boost & upgrade this integrated MIT family.

With Best Regards

Prof. Ashish Kumar
Faculty Coordinator

ABOUT

Muzaffarpur Institute of Technology Alumni Association

M I T A A

Muzaffarpur Institute of Technology Alumni Association (MITAA) is an association of the pass out graduates of MIT Muzaffarpur.

To promote friendship among the members and to provide a forum among them for which an annual get-together meeting will be arranged in M.I.T Muzaffarpur. MITAA share the experiences and work skills of one another for improvement in their work and also for imparting the experiences to students/graduates for availing the opportunity of employment. It encourages the Alumni to take an active and abiding interest in the work and progress of the Institute so as to contribute towards the enhancement of the social utility of their Alma Mater.

It educates students and suggests appropriate measures to maintain discipline and harmony among themselves for the betterment of the Institute in its recognition among leading Institutions of the country. It prepares and provides a data book of Alumni working in different fields and organisations to the M.I.T graduates for information, communication and timely help for employment etc.

MITAA

ABOUT

MIT Muzaffarpur Alumni Association International

M I T M A A I

It is an International alumni association of MIT Muzaffarpur formed in 2021. It is formed with a vision of connecting all the NRI alumni of MIT together and with the students.

The young students can meet with alumni of the Department. This allows them to meet others who share the institutional connection and to start their academic career with a new social relationship. Groups formed under the MITMAAI are one of its initiatives to inculcate better learning habits and a healthy & progressive environment for students. MIT Higher Education aims to motivate students to pursue higher education. MIT Smart aims to improve soft skills in students. IT Working Group aims to update the students with the latest technology and career opportunity. And MIT Finance aims to provide students with financial knowledge.

OUR GOAL

Alumni meet will help new professionals or visit with people they have met before, to establish or renew friendships and acquaintances. The professionals can exchange information about their work, and experiences and help each other with networking needs such as hiring, referrals for specific expertise, or looking for a new job.

MITMAAI

MITMAAI CLUBS

01.

MIT HIGHER EDUCATION GROUP

To Promote, propagate and enrich the significance of Higher Education among the students.

03.

MIT IT WORKING GROUP
