

December NEWSLETTER

Muzaffarpur Institute of Technology (MIT), Muzaffarpur, is a premier institution of eastern India for technical education. It is under the administrative control of the Department of Science, Technology & Technical Education, Patna and wholly funded by Govt of Bihar. Established in 1954, MIT is one of the oldest technical institutes in India. The foundation stone was laid by the first prime minister of India, Pandit Jawaharlal Nehru. The institute has a lush green campus of over 86 acres within the heart of the city, the campus offers a safe and lively environment. Currently, the Institute has 10 UG Programs and 6 PG Programs with total intake capacity of 700 that is highest in the any government engineering college of the state.

Administrative building of MIT

Message from Principal's Desk

I am filled with immense pride and gratitude for the remarkable achievements and milestones that have shaped our campus. The month of December has been a testament to the dedication, innovation, and collaborative spirit that define MIT Muzaffarpur. Such efforts not only empower students but also contribute significantly to the socio-economic upliftment of the entire region. I am confident that with the continuous devotion & dedication of its faculty and students, MIT will achieve higher aspirations and achievements and emerge as a center of excellence in the field of technical education. I extend my best wishes to the entire team for their future endeavor.

Recent events

Expert session by Dr. Bhavya Ojha

Expert session by Prof. Amarnath Thakur (NIT Jamshedpur)

Expert session for UPSC preparation by
IRS (IT)
Mr. Rhythm Kataria

MIT conducts Parent-Teacher Meetings at regular intervals to review students' academic progress, discuss overall development, and strengthen coordination between parents and faculty. These interactions help in identifying areas of improvement and ensuring continuous academic support and guidance for students.

3D Printing: Innovation

MIT regularly organizes expert sessions at various levels to enhance academic excellence and professional exposure among students. These sessions provide valuable insights into emerging trends, practical applications, and research perspectives, bridging the gap between theoretical knowledge and real-world practices while motivating students toward continuous learning and career development.

MIT promotes awareness of emerging technologies through sessions on 3D printing, highlighting its innovative role in design, manufacturing, and research. These initiatives help students understand rapid prototyping, creativity, and real-world applications of advanced fabrication technologies.

Inauguration of Sanskrit Adhyayan Kendra
(संस्कृताध्ययनकेन्द्रस्य उद्घाटनसत्रे)

MIT has established a Sanskrit Kendra to promote the study and preservation of Sanskrit and Indian knowledge traditions. The center encourages academic enrichment, cultural awareness, and value-based education through structured learning and related activities.

Muzaffarpur Institute of Technology (MIT), Muzaffarpur, hosted an award distribution and felicitation ceremony, on the occasion of National Mathematics Day – 2025 for the winners of the Srinivasa Ramanujan Talent Search Test (Mathematics). The Principal of the institute, Prof. (Dr.) M. K. Jha, extended his heartfelt congratulations and best wishes to all the students and appreciated such events that promote interest in mathematics, innovation, and a competitive spirit among students.
